The Numbers

There are **509** CES employees focused on improving educational opportunities for the **114,000** students in our region’s **16** public school districts.

Mission and Goal

Our mission is to identify and provide quality education opportunities for educators, students, families, and communities. It is our goal to provide innovative, cutting-edge programs and services to meet the demands of our member school districts and communities.

Program Highlights

Customized training and services

Consultants from our Professional Development Services division provide customized assistance and workshops to ensure districts stay on the cutting edge of the most productive educational practices.

Support for Early Childhood programs

CES and our Early Childhood Coordinator can help districts with staff and program development, technical assistance, and coaching.

Open Choice

Placing students in schools outside their district to improve achievement and reduce racial, ethnic, and economic isolation.

Highly regarded Special Education services

Priority placements for students in our Special Education programs can save districts money.

Administrative Services

Providing districts with a wide variety of services including fiscal, technology, transportation, and executive searches.

Professional Development Services

Providing workshops, training and coaching to help districts implement best practices to meet students' needs.

Cost-efficient purchasing power

Through the RESC Alliance, member districts find savings on services or products.
